# ABSTRACT

*The aim of E-Nursery System is to provide plants at home. This system is very useful for anyone who is interested in gardening. Nursery is a place where planting material, such as seedlings, saplings cuttings, etc., are raised, propagated and multiplied under favourable conditions for transplanting in prepared beds. In our system, users can buy plants, planters (vases), gardening tools, seeds & fertilizers. In the existing system, the system is only focused on plant selling.*
